Tulsa Bus Plant Order Board 2412 (+15)

Line Set: 18 days

SOLIDARITY WORKS

- Orders have been slow for Navistar and all other heavy truck manufacturers across the United States. Every heavy truck manufacturer is experiencing layoffs during these low volume times except the Springfield Navistar plant. Because of low orders we are having a non-production day Friday September 2nd and a down week September 12th -16th. Make sure that you are getting ahold of the state for unemployment benefits during the down weeks. If you do not attempt to file a claim during the week we are down it is impossible to go back and get the state to fix these issues.
- With the upcoming GM celebration coming August 30, 2016 we the Bargaining Committee would like to **THANK** the U.A.W. membership and all other employees who continue to sell ourselves to all customers and show why they should want their truck built right here in Springfield. Everyone deserves a pat on the back as a lot of our customers are filling open slots and keeping all of us working during these slow times.
- Remember we still have customers like FED EX out there looking at Springfield so we must continue to show our talent and capabilities.
- Because of selling ourselves, here is our resume of customers that chose to come to Springfield.

- GM
- Altec Industries
- Idealease
- Budget Truck Rental
- Carillion Canada Inc.
- NYS Transportation D
- Penske

Thank You to Everyone,

Zone #1 Steve S. Reed

Zone #4 Steve Ly

Zone #2 Larry C. Cape

Zone #5 Mark D. Eberlein

Zone #3 L.E. Sew

Bargaining Chairman Edward J. Zukaj
