September 28, 2018

For the past nine weeks the Committee has been in negotiations with the Company. Although there has been progress, we are still very far apart on some major issues. We will continue working through the weekend in an attempt to reach a fair and equitable contract. The contract expires Sunday, 10/1/18 at midnight. We ask all members to check UAW Local 402's website and/or App Monday morning prior to coming to work for further instructions. Our goal is to continue to negotiate a contract that will benefit the entire membership.
