Re: **UAW Navistar Negotiation's Update**

Dear Brothers and Sisters:

The UAW/Navistar Policy Committee met in Detroit, Mi. on Tuesday, October 30th, to review a contract proposal. Your Policy Committee has unanimously rejected the proposal. After the vote the committee then sat down with the International Union to go over our concerns and issues with the proposal.

We will continue to work under the extension that is currently in place. We have requested dates with the Company to resume bargaining. We will notify Membership when those dates become available.

In Solidarity,

The UAW Navistar Bargaining Committee
