MEDICAL LAYOFF: 22

- Line 2 production will be increasing from 84 to 92 units per day beginning November 2nd. The line speed will not change. The Company will use mandatory overtime, if needed to get the additional units.
- The Company will be adding thirteen A150 jobs in department 68 and one S510 job in department 102 on second shift. The transfer cutoff is today by 12:00 p.m.
- The Union has put the Company on notice that we will be filing a grievance for the 3% Lump Sum payment for all 402 members that had seniority as of September 30th, 2020 and did not receive payment.
- The Company notified the Union that the week of October 26th will be a non-production week for line one due to lack of orders. The Company will notify you if you are not working.
- We currently have enough orders to fill the months of November and December. With the new Cummins engine coming out in January, the Company believes that orders will increase.
- The Company still has not responded to any of the 2 ¼ step grievances.
- If you have any questions, please contact your Union Steward!
